EXAMINER'S AMENDMENT

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with David Weirich on January 21, 2004.

The application has been amended as follows:

On page 2, line 17, changed "vaccuum" to -vacuum--,

On page 10, line 23, changed "facilitation" to -facilitating--,

On page 14, line 13, changed "second embossing roll 32" to -second embossing roll 30—,

On page 14, line 16, changed "removeal" to -removal--.

The following is an examiner's statement of reasons for allowance: **The primary reason for allowance is that prior art does not teach a method of embossing a web in which a first and second embossing roll form an adhesive pattern on a web of sheet material wherein a belt having a temperature different from the second embossing roll is disposed about the second embossing roll and the embossed web passes between the belt and second embossing roll prior to removal.**
